### EXPERIENCE

#### Freelance Web Developer

- Translated complex design requirements into interactive user experiences to promote customer engagement and drive web traffic.
- Built and tested application functionality to ensure a desirable user experience across all platforms.
- Optimized page elements to reduce loading time and debugged code to ensure cross-browser usability.
- Collaborated with other developers, designers, and project teams to ensure successful, on-schedule development and delivery of applications. Developed back-end components and integrated them with front-end applications.
